## Wstęp

Niniejsza publikacja to ciekawy zestaw testów będących próbą systematyzacji angielskich przedimków na zasadzie zestawień i porównań. Praca niniejsza adresowana jest do tych osób, które mogą pochwalić się znajomością języka angielskiego w zakresie rozmaitych podręczników, jednak pragną rozszerzyć swoje wiadomości i dojść z czasem do gruntownego opanowania tego języka. Osoby te znajdą tutaj rozmaite przykłady zdań z przedimkami, których podręczniki uprzednio przerobione nie mogły - chociażby ze względu na szczypty zakres - wyczerpująco przedstawić. Niniejsza publikacja odda wielkie usługi Czytelnikom, którzy pomimo znajomości języka angielskiego w stopniu komunikatywnym, nie znajdują odpowiedzi na wiele pytań odnośnie praktycznego użycia przedimków w szerokiej palecie kontekstów.

W puste miejsca należy wstawić brakujące przedimki **a/an/the** lub - (przedimek zerowy). Czasami w danym kontekście można opuścić przedimek, np. at this time of **(the)** year, lub wstawić przedimek nieokreślony lub określony, np. I took **a/the** bus to London. Po rozwiązaniu 50 przykładów można zajrzeć do klucza i sprawdzić poprawność odpowiedzi wpisując punkty, jeśli odpowiedź jest prawidłowa, lub nie, jeśli odpowiedź jest błędna, np. SCORE **3/3 points**. Po rozwiązaniu testu punkty należy zsumować. Suma wszystkich punktów z poszczególnych części testu da nam pełen obraz znajomości angielskich przedimków.
